João Almeida

Frontend Developer

I'm a frontend developer who loves crafting intuitive, scalable web applications with React and other modern tools. I enjoy working in collaborative teams, exploring how things work under the hood, and bringing ideas to life. I take ownership seriously, embrace continuous learning, and am eager to contribute to meaningful products that move the needle.

Bachelor's in New Communication Technologies
University of Aveiro   2019 - 2021
Focus: Web Development & UX/UI Design
- Curricular Plan: https://www.ua.pt/en/c/1531/p

Experience

Frontend Developer
AlticeLabs@UA   2021 - 2023
Worked on academic–industry collaborative projects focused on developing a multi-tenant web platform.
Contributions:
- Developed and maintained frontend components using React, JavaScript, and SASS
- Built and styled tenant-specific interfaces with attention to UX and scalability
- Collaborated with both frontend and backend teams using Git for version control
- Worked with Linux-based development and staging environments
- Ran Neo4j queries for data verification and troubleshooting

Certifications & Activities

Courses on Frontend Masters   2025
Completed and ongoing self-paced courses to strengthen frontend and fullstack knowledge (React, TypeScript, testing, performance).

Certificate in Advanced English - C1
Cambridge University Press & Assessment   2024

Mentor at AVILA UA
University of Aveiro   2018 - 2023
Mentored 2nd-year students in PHP, MySQL, and Git within the Database and Server-Side Technologies curricular unit.
https://www.ua.pt/en/uc/15719

First Aid
Academia Génios Livres   2022
